1. What is personal branding? (Unit II)

Answer:

Personal branding is the **intentional and strategic practice of defining and expressing your unique value** to others. It involves **crafting a recognizable and consistent identity** that reflects your values, skills, personality, and professional goals. Unlike a reputation—which is passively formed—**personal branding is a deliberate effort** to shape how you are perceived in both professional and social contexts.

Key aspects of personal branding include:

- **Defining Your Value:** Understanding your core strengths, beliefs, and what sets you apart.
- **Crafting a Narrative:** Telling your story authentically to build emotional connection and trust.
- **Visual Identity:** Using elements like logos, colors, fonts, and style consistently across platforms.
- **Online Presence:** Managing your image across social media (LinkedIn, Medium, etc.) and platforms like Google People Card.
- **Engagement:** Sharing content, participating in discussions, and connecting with your target audience.

Example: A software developer might brand themselves around efficiency and innovation by sharing tutorials, writing blog posts, and engaging on LinkedIn using a consistent tone and theme.

2. Explain the difference between UVP vs USP. (Unit II)

Answer:

Aspect	UVP (Unique Value Proposition)	USP (Unique Selling Proposition)
Definition	The unique value an individual or brand offers to their audience.	A specific feature that makes a product/service stand out.
Focus	Personal or professional **value and benefits**.	Product-specific **advantage or feature**.
Application	Used in **personal branding** to express individuality.	Used in **marketing** to promote a product or service.
Scope	Broader – includes skills, perspective, purpose, personality.	Narrower – focuses on one compelling reason to buy.
Example	"I help professionals build their brand through strategic content."	"Our soap kills 99.9% of germs faster than the leading brand."

3. What do you mean by professional image? (Unit II)

Answer:
