Justification for Each Criterion - Training & Placement Related Activity(12 Marks)

Criteria	3 Marks	2 Marks	1 Marks	0 Marks
1. Resume Building (2 Marks)	----	Resume is well-formatted, tailored to domain, includes key sections (objective, skills, projects, etc.), original content	Resume is present but generic or has formatting issues, minor errors or lacks personalization	Resume missing, copied, incomplete, or irrelevant content
2. LinkedIn Profile (2 Marks)	----	Profile created, professional photo, complete sections (summary, experience, education, skills), regular updates	Profile exists but is incomplete, outdated, or lacks essential info	No profile created or irrelevant profile (e.g., private/inaccessible, fake)
3. Aptitude / Verbal / Technical Tests (3 Marks)	Attempted all tests, scored above 70% and showed excellent effort	Attempted with moderate performance (50–69%)	Attempted few or below 50% marks	Did not attempt
4. SWOC Analysis + GD (2 Marks)	----	Honest SWOC, meaningful insights; actively participated in GD with clarity	Superficial SWOC or passive GD presence	No submission or no participation
5. Personal Interview (3 Marks)	Strong presence, answers confidently, good body language	Average performance, some hesitation or unclear answers	Poor communication, unsure or unprepared	Absent or refused to participate

Outcome-Based Assessment: Activity, Rubrics and Performance Level Scale

Justification of Criteria - Open Book Test (12 Marks)

Note: Students will • Frame 6 questions (Levels 3–6 of Bloom's Taxonomy) on **Unit 1 & 2**

Subject Teacher will • Set the question paper based on the Questions of Previous GATE paper or Any other Competitive Exams which ever applicable on **Unit 3, 4 & 5** (Levels 3–6 of Bloom's Taxonomy) and conduct the test in classroom.

	Criterion	3 Marks	2 Marks	1 Mark
<i>For Framing questions by students</i>	Bloom's Taxonomy Level (3 Marks)	All 6 questions are clearly in Levels 3–6 (Apply, Analyse, Evaluate, Create).	3–5 questions are in Levels 3–6; rest are lower level.	Mostly lower-level questions.
	Creativity & Originality (3 Marks)	Questions show deep insight, integration of concepts, and creative thinking.	Questions show moderate originality; mostly adaptations from known examples.	Limited originality; heavily dependent on textbook patterns.
<i>For Test Conducted by Teacher</i>	Depth of Explanation (3 Marks)	Solutions provide detailed reasoning, step-by-step process, and justification for answers.	Solutions provide adequate explanation but lack depth in 1–2 cases.	Explanations are minimal; lack reasoning in several cases.
	Solution Accuracy (3 Marks)	All solutions are correct, complete, and demonstrate higher-order thinking.	1–2 solutions have minor errors or incomplete reasoning.	3–4 solutions have conceptual errors.

Justification of Criteria - Literature Review (12 Marks)

Criterion	4 Marks	3 Marks	2 Marks	1 Mark	0 Marks
Depth of Literature Review (4 Marks)	Covers recent and relevant sources with excellent integration and synthesis.	Good literature coverage; minor omissions.	Average review; lacks diversity or depth.	Very limited sources or superficial summary.	No review or irrelevant content.
Critical Evaluation & Insight (3 Marks)	----	Demonstrates deep critical thinking with comparison of approaches and future directions.	Good insights with some evaluation.	Limited evaluation; mostly descriptive.	Minimal critique; lacks personal insight.
Organization & Structure (3 Marks)	----	Well-organized content with logical flow and proper formatting.	Mostly organized; minor structural issues.	Basic structure; lacks clarity.	Poor structure and inconsistent formatting.
Language & Originality (2 Marks)	----	----	Academic tone, grammatically sound, original writing.	Good language, minor errors, some originality.	Average writing with noticeable issues.

Criterion	4 Marks	3 Marks	2 Marks	1 Mark	0 Marks
Problem Identification (4 Marks)	Clearly identifies key issues with strong relevance and justification.	Identifies issues with minor lack in clarity or depth.	Problem mentioned but poorly articulated.	Vague or incorrect problem statement.	No problem identified or completely off-topic.
Analysis & Interpretation (3 Marks)	----	Deep, logical analysis supported by data and frameworks.	Good analysis with some supportive reasoning.	Average analysis; weak connections or limited depth.	Poor or unclear analysis.
Solution Strategy & Innovation (3 Marks)	----	Practical, innovative, and well-justified solution strategy.	Good solution with acceptable reasoning.	Solution provided, but lacks depth or originality.	Incomplete or unclear solution.
Structure & Communication (2 Marks)	----	----	Logically structured, well-written with clarity and coherence.	Mostly clear structure with minor flaws.	Understandable but lacks flow.

Justification of Criteria - Technical Video (12 Marks)

Criterion	3 Marks	2 Marks	1 Mark	0 Marks
Technical Accuracy and Depth (How well the technical content is explained and understood) (3 Marks)	Content is accurate, detailed, and demonstrates clear technical understanding.	Mostly accurate with minor gaps or simplifications.	Limited accuracy or shallow coverage of the topic.	Major technical errors or irrelevant content.
Clarity and Communication (Language fluency, articulation, pacing, and explanation quality) (3 Marks)	Clear, confident delivery; excellent pacing and articulation; concepts are easy to follow.	Generally clear with some hesitations or minor language issues.	Unclear or confusing explanations; poor pacing or grammar.	Incoherent or very difficult to understand
Visual Design and Editing (Use of visuals, screen recording, animation, transitions, captions, etc.) (3 Marks)	Excellent use of visuals and editing tools; professionally presented.	Adequate visuals and editing, though could be smoother.	Minimal or poorly integrated visuals; distracting editing.	No visuals or very poor video quality.
Creativity and Engagement (Innovative approach, storytelling, engagement with audience) (3 Marks)	Highly creative and engaging; maintains viewer interest throughout.	Some creative elements; mostly holds attention.	Limited creativity; dull or repetitive.	No effort to make it engaging.

Criterion	3 Marks	2 Marks	1 Mark	0 Marks
Content Quality and Relevance (Technical depth for technical blogs; clarity and insight for non-technical blogs; relevance to target audience) (3 Marks)	Highly relevant, insightful, and well-aligned to the chosen theme; technical blogs show strong domain understanding; non-technical blogs provide thoughtful reflections or explanations.	Generally relevant and clear; some scope for deeper insight or stronger focus.	Limited relevance or clarity; lacks coherence or depth.	Off-topic or incoherent; fails to convey purpose.
Structure and Presentation (Headings, paragraphing, flow, formatting, length, readability) (3 Marks)	Logically organized, well-formatted, easy to navigate; appropriate headings and subheadings.	Mostly structured with a few organizational issues.	Poor flow or disorganized structure; hard to follow.	No logical structure or formatting effort.
Communication and Engagement (Tone, creativity, grammar, engagement, storytelling for non-technical blogs, explanation clarity for technical blogs) (3 Marks)	Highly engaging, clear, well-written, and appropriate tone for audience; technical concepts or opinions are well communicated.	Moderate engagement; mostly clear with few language issues.	Dull or unclear; lacks engaging tone or contains errors.	Unengaging, unclear, or poorly written.
Platform Appropriateness and Sharing (Post visibility, relevance of chosen platform, tags, interaction – likes, shares, or comments) (3 Marks)	Blog posted on both a relevant technical/non-technical platform and social media; good use of hashtags, description, and engagement tools.	Blog posted on either technical or social platform, but sharing could be improved.	Blog posted but not effectively shared or lacks visibility.	Not posted or shared publicly.
